BIO 101: General Biology

Larkspur Community College - Natural Sciences - Instructor: Dr. Marisol Tanaka

1. Grading

Your final grade is computed from four components: laboratory reports 30%, midterm exam 25%, final exam 30%, and weekly quizzes 15%.

A grade of 70% or higher is required to pass the course with credit.

2. Late Work

Work submitted after the deadline loses 10% of its available points for each day it is late. Late work is accepted for a maximum of 3 days; after that it receives a zero.

3. Office Hours

Dr. Tanaka holds office hours on Tuesdays and Thursdays from 2:00 pm to 4:00 pm in Science Hall room S214. No appointment is needed.

4. Prerequisites

Students must have completed BIO 099 (Introduction to Life Science) with a C or better, or have a placement score of 70 or above.

Fictional document generated for demonstration purposes.
